Transport for NSW Route

Transport Route Assessments

Completed

- ✓ Route survey
- ✓ Early consultation
- ✓ Ecology and archaeology studies

Underway

- Consultation with stakeholders
- Overhead Line surveys
- Bridge Assessments
- Engagement with Vic Roads
- Traffic Impact Assessment
- Design of the pullover bays

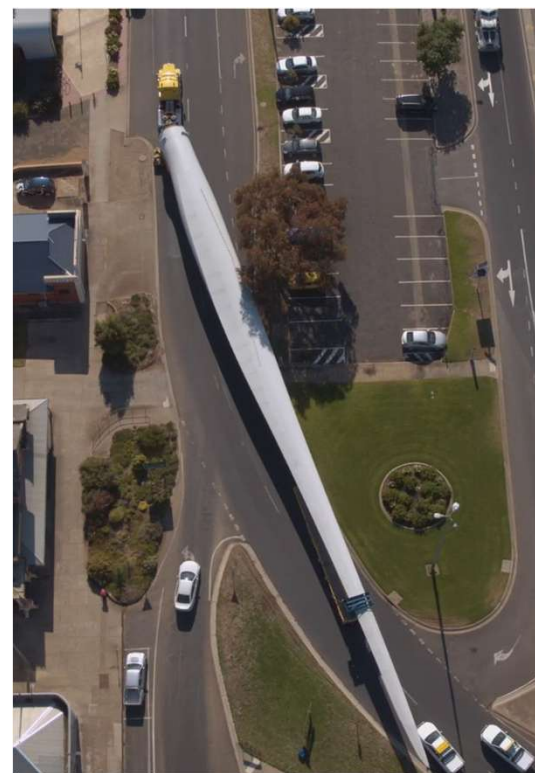

Components of a Wind Turbine

Key Considerations

Trucks with a blade trailer leaving Port of Geelong during the night.

Murra Warra Wind Farm: A blade trailer loaded skilfully negotiates the township of Nhill, Victoria.

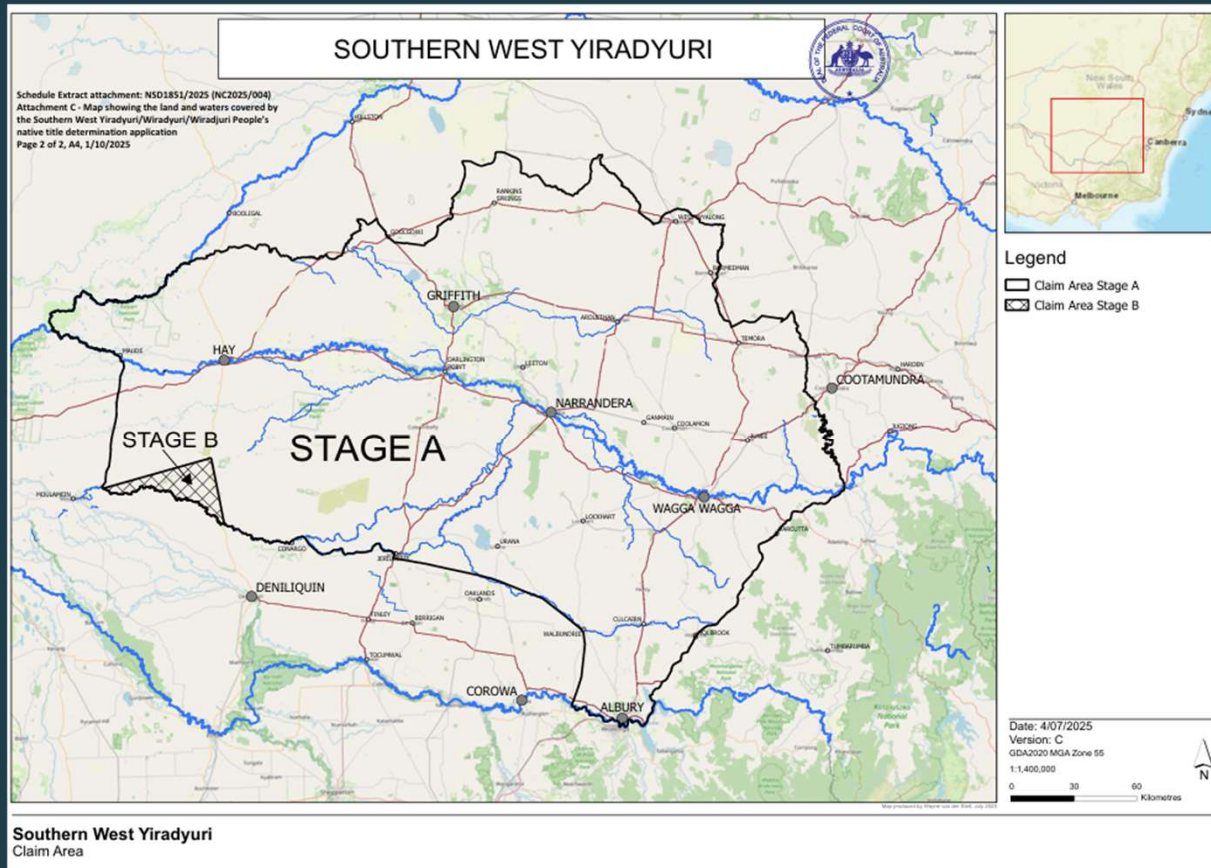

Truck Configurations

b) Accommodation Camp

2. Native Title Claim

3. Community Funding
